

Trufflepiggy – Quick Search

How to add a new search item

User tutorial version 1.2, 24th October 2017

To personalize the Trufflepiggy search items, you have to enter the "edit" mode. Before you can start the edit mode, you have to be logged in with your Trufflepiggy account.

<p>Open the Online-Shop website where you want to search an item.</p>	
<p>Click the "search box" and enter trufflepiggy as searchtext.</p>	
<p>Start the search. The search result on that website should be "no item found" or something like this.</p>	
<p>Select the URL in the address bar of the browser and copy the string to the clipboard (Windows/Linux: CTRL + C; Mac: CMD + C). This URL should contain the searched text trufflepiggy. It is needed to add a search item.</p>	
<p>Click the Trufflepiggy symbol in your browser to start Trufflepiggy.</p>	
<p>Click "Edit search" in the menu bar at the bottom to enter the edit mode. In case the "Edit search" command does not appear, then you have to log in with your Trufflepiggy account first.</p>	

At the top of the available search items click in the "Filter search items" box.

The screenshot shows a dark grey header with the text "Edit Search". Below the header is a light blue bar with the text "359 available search items". Underneath is a white button with rounded corners and a thin border, containing the text "Filter search items". Below the button is a horizontal line.

Enter some dummy text. Now the box where the search items were listed shows a short description of how to add a new search item.

The screenshot shows a light blue bar with the text "0 available search items". Below it is a white input field with rounded corners and a thin border, containing the text "dummy". Below the input field is a white box with a thin border containing the following text:

It seems we don't have that truffle in store for you. But you can easily add it yourself:

1. Go to your desired website and search for "trufflepiggy"
2. Copy and paste the URL below

Below the list is a white input field with rounded corners and a thin border, containing the text "Search URL".

Click into the box "2. copy and paste the URL below" and paste the URL you already copied in step 4). It is important that the keyword trufflepiggy is still in this URL. In case this keyword is misspelled, adding the new URL will fail and an error message "The keyword trufflepiggy is missing in the URL" appears. You may now edit the keyword in the URL box in order to continue the process.

The screenshot shows a white box with a thin border containing the following text:

2. Copy and paste the URL below

Below the list is a white input field with rounded corners and a thin border, containing the text "http://test.com/?trufflepiggy".

Click in box "3. Name it" and Trufflepiggy will suggest a name for the new entry.

The screenshot shows a white box with a thin border containing the following text:

3. Name it. Add extra information in parenthesis.

Below the list is a white input field with rounded corners and a thin border, containing the text "Test(com)".

<p>Click on the "Save your item" button.</p>	
<p>The new item will appear on top of the "search items" list. Later on it is going to be alphabetic sorted automatically.</p>	
<p>Additionally the new search item is added to the "My searches" list.</p> <p>Click the save button if you are finished and don't want to add additional search items. The "edit mode" is closed and you are back to "search mode".</p>
